## EXECUTIVE EMPOWERMENT EXPERIENCE ITINERARY PEBBLE BEACH®

**SEPTEMBER 25-29, 2024**

The UNCF iRISE Executive Empowerment Experience represents a unique opportunity to engage in a series of conversations on Black wealth creation through HBCU R&D, commercialization, and Black tech-entrepreneurship. This high networking collaborative experience will examine the unique role of HBCUs in expanding Black wealth and economic growth in the U.S. and global economy. Discussions and partnership opportunities will highlight UNCF's programs and initiatives in computer science/technology, tech entrepreneurship, game development, fintech, environmental sustainability, agriculture innovation, and bio life sciences.

Join us as we invest in our brilliant minds and create opportunities to elevate our underserved communities. We can make a difference... "A mind is a terrible thing to waste, but a wonderful thing to invest in."® The iRISE EXECUTIVE DINNER is a signature fundraiser for the UNCF iRISE Center.
